Avatar The Legend Of Korra Season 2 Torrent Download ((TOP))

Previously on Avatar... the segments shown after the show's opening in most episodes were not originally included (except) until Book 2. At the very beginning of the show, it was shown that although Avatar is at war with another world, the world is not afraid of him. Over the course of several episodes, the Avatar becomes so powerful that it can lift the entire world. In one of the episodes, you can hear how the Avatar reads a book and at the same time says: "Avatar, you can do anything." In one episode (and later in Book 3) it is said that an avatar can live on sunlight alone.
