In August 2017 it was announced that investor and founding CEO, Michael Gray, and his business partner Steve Riemer would step down from the board of directors and that all executive and board positions would be open to internal and external candidates. History Established in 2000, it is Australia's first and only fully integrated financial services company, offering a broad range of financial products and services, including deposit accounts, investment products, home loan products, superannuation products, credit cards, debit cards, and insurance. Profit Partners' core product is its Superannuation Guarantee, a financial guarantee that provides a set amount of cover if a superannuation fund fails. Profit Partners is owned by staff, which means the company is not owned by a bank, trust, insurance company, life office or other financial services company, making it distinct from similar financial services providers. The company is domiciled in Australia and has been listed on the Australian Securities Exchange since 2004. It has been praised for its "strong" governance and "exemplary customer service." It is also a founding member of the Australian Financial Complaints Authority and founder member of the Australian Financial Service Licensees Association. Its stakeholders include the members of the Profit Partners Trustee Group, a diverse board with representation from the financial services, community, investment and superannuation sectors. Superannuation Guarantee Profit Partners offers a superannuation guarantee for all superannuation funds and individual retirement accounts that meets or exceeds the standards set by the Australian Prudential Regulation Authority (APRA). Since its establishment, Profit Partners has also offered a guarantee for all self managed superannuation funds (SMSFs). Awards Profit Partners was named the ASEAS100 Australia's
