Download

August 25, 2015 - Revit 2015 32 bit. HEY,. I am a student and have access to a free download of Revit. I need Revit 2015 for the job, . I'm fine with using the trial version. But when I try to download the free version, I get an error: "The Runtime Package (for 32-bit version) is not installed on your machine. Please contact the developer for more information about installing it." What I've done: I installed the 32-bit version of Autodesk Revit on the virtual machine that will be used to run the job. I started the virtual machine.
